

Australia will join India, US & Japan in Malabar naval exercise next month

PRESS TRUST OF INDIA
Melbourne, October 20

AUSTRALIA WILL PARTICIPATE in the Malabar naval exercise next month involving India, the US and Japan that will bring the four key defence partners and democracies in the region together, demonstrating their collective resolve to support an open and prosperous Indo-Pacific.

In a significant move that comes amid a Sino-India border row, India on Monday announced Australia's participation in the upcoming Malabar exercise along with the US and Japan, effectively making it the first military-level engagement between the four-member nation grouping — the Quad.

The invitation by India to the Australian navy for the ex-

The government said following an invitation from India, Australia will participate in the exercise that will bring the four key defence partners in the region together

ercise came two weeks after the foreign ministers of the Quad held extensive talks in Tokyo with a focus on enhancing their cooperation in the Indo-Pacific, a region that has been witnessing increasing Chinese military assertiveness.

In a joint statement with Australian defence minister Linda Reynolds, foreign minister Marise Payne said the announcement was another important step in Australia's deepening relationship with India. The government said

following an invitation from India, Australia will participate in the Malabar-2020 exercise, which is likely to take place next month in the Bay of Bengal and the Arabian Sea. The exercise will bring together four key regional defence partners India, Japan, the US and Australia in November, it said.

Reynolds said Malabar-2020 marked a milestone opportunity for the Australian Defence Force (ADF).

"High-end military exercises like MALABAR are key to enhancing Australia's maritime capabilities, building interoperability with our close partners, and demonstrating our collective resolve to support an open and prosperous Indo-Pacific," Reynolds said.

For the last few years, Australia has been showing keen interest in participating in the

high-end naval exercise. Australia will be returning to the joint manoeuvres after its participation in 2007. The US has been pushing for a deeper military collaboration with Japan, India and Australia against China's growing regional influence.

Beijing claims almost all of the 1.3 million square-mile South China Sea as its sovereign territory. China has been building military bases on artificial islands in the region which, in parts, is claimed by Brunei, Malaysia, the Philippines, Taiwan and Vietnam.

Beijing has impeded commercial activity like fishing and mineral exploration by neighbouring nations in recent years, saying the ownership of the resource-rich maritime territory belongs to China for hundreds of years.

JSPL new grade of rails gets Indian Railways' nod

PRESS TRUST OF INDIA
New Delhi, October 20

JINDAL STEEL AND Power (JSPL) on Tuesday said the Indian Railways has approved another grade of rails developed by the company for high-speed and high-axle load applications.

In a statement, JSPL said it was the first and only Indian manufacturer to successfully develop 60E1 1175 Heat Treated (HT) rails suitable for high-speed and high-axle load applications.

The Research Designs and Standards Organisation (RDSO), which works under the ambit of the Railway Board, has also approved the newly developed grade, it added.

CBI takes over probe into alleged TRP manipulation

PRESS TRUST OF INDIA
New Delhi, October 20

THE CBI HAS registered an FIR into alleged manipulation of Television Rating Points (TRP) on the basis of a reference from the Uttar Pradesh Police, officials said on Tuesday.

The case, which was earlier registered at Hazratganj police station in Lucknow on a complaint of an advertising company promoter, was handed over to the CBI by the Uttar Pradesh government, they said. Taking prompt action, the CBI has registered an FIR against unidentified persons, they said. The primary allegations re-

late to manipulation of TRPs on a payment, they said. CBI officials refused to give details.

TRP or Television Rating Points of a channel or programme are used to measure popularity by advertising agencies which affect pricing. The points are calculated in India by Broadcast Audience Research Council (BARC) using a device installed in over 45,000 households across the country called "Bar-O-Meter".

The device collects data about a programme or channel watched by members of these household on the basis of which weekly ratings are issued by BARC.
